

The Laburnum Tree

The image is a placeholder for a photograph of a Laburnum tree, which is a species of flowering tree in the Leguminosae family. It is known for its dense, rounded canopy of small, bright yellow flowers.

Golden Shower Tree.

Cascades of beautiful yellow flowers cover the tree. ♦ All parts of the plant are poisonous and can be lethal if consumed in excess. The seed pods resemble small peas. ♦♦

The wood is highly prized as a hardwood and for it's beautiful grain.
